LOT 16, PAPPS ROAD, BRUNSWICK WA 6224

Imported from the USA

Having almost identical size and weight features as equivalent petrol engines they can be easily fitted to most 4WD vehicles and give V8 smoothness and torque while still providing diesel economy and reliability.

The most popular conversions are for Toyota Landcruisers (all models), Ford F series, Nissan Patrols. Conversion Kits for all these vehicles are manufactured in Australia and most retain their original clutch and pressure plate assembly.

ALSO 6.2 LITRE AVAILABLE - TOYOTA 3.7 DIFF CENTRES

*Crown & Pinion Kits, Bearing Kits, Pinion Flanges
and Exchange Diffs Available - Fitting Available*

*We sell Rebuildable engines, Runners and Reconditioned Engines,
Parts Available in Stock, Fitting Service and Warranty Available*
